This guidebook includes a range of 17 day-walks and multi-day treks throughout the Dinaric Alps of Montenegro. These mountains are some of the wildest, most spectacular, and least visited in Europe. Nevertheless they are easily accessible, and many areas have well-marked trails. They present an opportunity to travel through outstandingly beautiful and remarkably unspoilt natural scenery, which sees few visitors.

The guide includes a wide range of practical information on language, travel and accommodation, as well as what to expect in the various mountains and National Parks the routes explore. This is the first comprehensive English-language guide to walking in this beautiful area, written by an author who has visited the country over a number of years and has lived in neighbouring Croatia.
